Endorsements

Anastasia Ribeiro

*Communications &
Social Media Specialist*

"...first to take the lead the go-getter of the squad. Danielle is analytical and always takes initiative..."

Care Fader

*Product Growth
Marketing Specialist*

"...Danielle was one of the team's best assets: she would flawlessly complete her own dev work, take time to mentor more junior developers, and offer her skills for side projects for internal initiatives like corporate videos and events..."

Ian Milligan

Graphics & Web Designer

"...Danielle is an excellent resource in regards to web based knowledge, she was able to answer any questions I had regarding mutual projects or if I just had a random question while she was doing a million other tasks, great patience..."

Indra Dosanjh

VP Product Development

"...I was extremely impressed to see how quickly she managed to navigate through the product environment, technologies and became a part of a team to deliver a challenging release..."

Iuri Strelet

*Front-End Angular
Developer*

"...Danielle is a very well rounded and knowledgeable team player, who not only strives towards achieving her performance goals, but actively delivers towards the team's performance benchmarks as well..."

Lisa Macklem

Graphics & Web Designer

"...It was easy to innovate with her for UI & UX design issues we had regarding the company website redesign..."

Tevin Castle

Graphics & Web Designer

"...She's always studying the latest trends in media and never hesitates to share her knowledge with the team. Her spark and curiosity I've always admired..."
